Salam and greetings Professor

**ACCEPTANCE AS SDG PARTNER IN LINE WITH INDUSTRY 4.0**

- 1) ERADICATION OF BLINDNESS AMONG WOMEN AND CHILDREN THROUGH TECHNOLOGY INNOVATION AND TRAINING (PILOT 1: AMONG MEMBERS, PILOT 2 : DISTRICT OF GOMBAK)**
- 2) COLLECTION/PROVISION OF INPUTS AND DATA FOR R & D PROGRAM ON MSU ASSESSMENT CHARTS & TOOLS FOR EYESIGHT TESTING**

We refer to the abovementioned subjects. Women in Governance and Technology Association of Malaysia (WIGTA) hereby accept the appointment as SDG Partner for the said trades pursuant to the terms and conditions of Memorandum of Understanding between WIGTA and MSU.

We have already formed a steering committee involving the best minds of our carefully selected members to facilitate awareness training and exposure to state of the art technology. The Program shall commence among our members and delegation of work. Phase 2 will involve the District of Gombak targeting children especially those with special needs and women at large of diverse categories. Data shall be collected and sent to you to facilitate R & D Program for MSU Assessment Charts and Tools for eyesight testing.

We thank you for your trust in WIGTA and we are proud and looking forward to be working together with a well-established institution such as Management and Science University generally and your department specifically.

Thanks and wassalam

(c/o: Assoc. Prof Dr Mohd Zaki Awg Isa)

Al-Salam'Alaykum.

Dear Sir,

**RESEARCH COLLABORATION IN THE AREA OF COMMUNITY VISION CARE ASSESSMENT AND EYE HEALTH STUDIES**

We are writing to you, to confirm our readiness in the proposed research area by your department; namely in the Developing Vision Assessment & Tools for Eye Health and Visual Ergonomics Studies involving Community user-friendly applications for all ages.

2. BWG Global Vision (BGV) is the subsidiary company to Cerna Minda Sdn Bhd (CMSB) where CMSB is MSU partners for Sustainable Development Goals Initiative in the UNSDG3-Good Health and Well Being and UNSDG17- Partnership to Achieve the Goals. BGV involves in vision screening and eye examination for the community at all ages, assessment and consultancy for occupational eye safety and health for the industries.

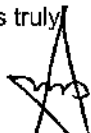

3. Following our meetings on the above subject, we are happy to collaborate with your Department, in the following (but not limited to) projects:

- a) Development of assessment tools for vision assessment in the community and training modules to empower public self-eye check.
- b) R&D of new product: Personal Protective Eyewear for Industrial Workers
- c) R&D of recycling ophthalmic products for environmental health and future green technology

4. We appreciate that our collaboration will be part of the MoU in MSU Sustainable Development Programme (SDG) signed on 19<sup>th</sup> March 2019. Looking forward for the success of this Collaboration.

Thank you.

Yours truly

.....  
Ir. Ahmad Jais Alias  
Principal Consultant / Group CEO
